Bruce,
is there an updated version of the Enforcement Response Guide for us to review? After you sent up the first draft, we provided comments, but we either did not see a revised version or it got misplaced.

For the other 3 documents, we will get comments to you this week.

It would also be good if we could talk before the joint workplan evaluation next Tuesday. An update on the CAFO workplan is on the agenda.

My schedule tomorrow is wide open if you have availability. I'll be working at home Friday morning and that could also be a good time to talk

Thanks

The agenda looks good. I'll let you know if I come up with anything else. Generally, a review of all the deliverables on the Work Plan is in order. You list most if not all. The revised time works for us. Roger Callaway will join me here. You can reach us at 217-782-3362.
